

ALL HOMEOWNERS:

Yesterday, PNM Electric Company came around the Innsbrook property and pulled electric meters for those owners that haven't paid their electric bill since July. Reminder that PNM sent notices to all owners they were deleting the auto-pay feature due the fire in June and electricity being turned off for days. The customer was instructed to again set-up auto pay for future payments. If you haven't done that, PNM yesterday pulled the meter at your unit without notice. Please reinstate payment to PNM if this affected your unit.

Best Regards,

Beth
